## Cancellation Policy

As our restaurant is small, we rely heavily on reservations being honoured by our customers or adequate notice being given to any changes or plans. This allows us to advertise available tables in the event of cancellations.

By reserving a table at Lark, you are deemed to have accepted the terms of this cancellation policy.

Restaurant cancellations can only be made by using the cancel link provided within your confirmation email or reminder email.

To secure your restaurant reservation you are required to provide valid credit card details as a means of guarantee.

We reserve the right to charge the card provider a cancellation fee of £25 per person if you cancel or amend a restaurant reservation less than 24 hours prior to the start time of your booking, this same rule applies for no shows. A no show would be not showing for a reservation on the date and time stated within your confirmation email.

We will attempt to resell tables when we receive cancellations and amendments with less than 24 hours notice and where we are successful, we will not charge a fee.
